

Inclusion is in
our **DNA**

careers.weil.com

A commitment to diversity and inclusion has been at the core of our firm since Frank Weil, Sylvan Gotshal, and Horace Manges found many doors closed to them because of their religious beliefs. They founded Weil, Gotshal & Manges LLP to open those doors. For over 30 years, Weil has been a leader in investing in formal initiatives to cultivate an inclusive culture where all feel comfortable and encouraged to excel.

Affinity Group Conferences

Weil has been a leader among law firms for holding firmwide conferences for Asian, Black, Latino, and LGBT+ attorneys. The conferences bring together summer associates and attorneys from across the Firm's offices for professional development, internal networking and mentoring, client development, and diversity pipeline efforts. To date, the Firm has held 14 affinity group conferences. In January 2017, the Firm held a global Multicultural Attorney Conference (above) bringing together Asian, Black and Latino attorneys from across the US and London offices. In July 2018, the Black Attorney Affinity Group held their conference in New York; in September 2018 the WEGALA (LGBT+) Affinity Group will hold their conference in Washington, DC.

Client Diversity Events

All of Weil's affinity groups contribute to the Firm's bottom line and work to enhance their individual member's networks and client development skills. Recent examples include an Asian Pacific Heritage Month program with speaker Larry Tu, Senior EVP and Chief Legal Officer of CBS Corporation and former law clerk for U.S. Supreme Court Justice Thurgood Marshall. In the last year, Weil's Pan Affinity Group Council hosted special pre-screenings of Wonder Woman, Black Panther and the RBG documentary for clients and Weil associates. The Firm has also hosted several interactive workshops in 2018 for attorneys and clients fulfilling the New York Diversity, Inclusion and Elimination of Bias CLE requirement (above left). The Silicon Valley office also held a client event on tackling diversity issues featuring panelists from Adobe, eBay, HP, Intel and Paradigm (above right).

Deep commitment to the diversity pipeline

Weil's multifaceted diversity pipeline efforts increase access to opportunities from elementary school to law school and beyond, such as:

- To strengthen the pipeline of high school graduates matriculating to college, approximately 40+ Weil volunteers meet bi-weekly or monthly for college and career readiness programs during the academic year with students in the Big Brothers Big Sisters Workplace Mentoring and PENCIL Partnership Programs.
- To support law students of color, Weil sponsors and hosts 1L exam preparation programs, mock interviews and resume writing workshops with nonprofit partner, PALS (Practicing Attorneys for Law Students).

Management Committee Sponsors

Each affinity group has an appointed senior leader sponsor, who is not a member of that demographic group. The sponsors are charged with understanding key issues the group members face and advocating for necessary change.

Diversity Month

Biennially, Weil hosts a global diversity celebration to maintain our focus on timely and cutting-edge issues across the Firm. Diversity Month 2017 explored the Firm's historic commitment to inclusion and delved into the topic of "Diversity of Thought."

- Programs included a conversation on Leadership, Mentorship and Diversity of Thought in Higher Education with Michael Sorrell, President of Paul Quinn College, a presentation from Professor Jonathan Haidt of NYU Stern School of Business on Ideological and Political Diversity and a diversity recruiting event featuring Marc Morial, President and CEO of the National Urban League.
